

NASTAP Research and Evaluation Network

**Fees**

In order to cover the costs of administering the NASTAP Research and Evaluation Network (e.g., acquiring licensure to utilize standardized testing instruments, accessing data analysis services) the following initial fees need to be collected from participating program sites. Each site is set up as a separate entity in the OutcomeTools system, regardless if there are multiple sites in a single larger organization.

**NATSAP Fee**

Calculated Average Daily Census  
(Calculate this number as you did for your NATSAP Membership Application) x \$5

Total Initial NATSAP fee:

e.g., 30 clients/students = \$150

50 clients/student = \$250

70 clients/students= \$350

**This formula, though subject to change, will be used to estimate future annual NATSAP Research and Evaluation network fees.**

Make this research material fee payable in a check to **NATSAP** and mailed in with your completed application.

**OQ Measures Licensing Fee**

Licensing Fee: \$200\*  
+  
Shipping: \$25 (Standard) \$50 (International) = \$225

The licensing fee will then be billed annually by OQ Measures

\*Utah Residents must include 6.85% sales tax
