

Annual Report for NATSAP Research Designated Program

Program/School Name:	Date:
----------------------	-------

To achieve or maintain Research Designated Program (RDP) status, please verify that your program/school is dedicated to collecting outcome data by completing the chart below. Don't worry if you only have admission data, or can't fill in discharge or post-discharge numbers. Your first goal is getting 70% of your admission data complete and next year we will see your discharge or post-discharge completion rates.

Note: "Evaluations" mean **outcome-oriented**, such as the YOQ, NATSAP Questionnaires, FAD, and other standardized assessments that evaluate client health, relationships, and/or behavior. Satisfaction surveys are not outcome-oriented evaluations.

A.	How many students/clients admitted during the calendar years:	
B.	Number of admission evaluations for the calendar years:	
C.	Percent of admission evaluations. (B ÷ A)	
D.	Number of clients/students completed the program/school during the calendar years.	
E.	How many of those who completed the program/school have an end-of-program evaluation:	
F.	Percentage of evaluations for completers. (E ÷ D)	
G.	Number of 1 year post-discharge evaluations for departure for the calendar years.	
H.	Percentage of 1 year completers with post-discharge evaluations. (D ÷ I)	

The goal for admission evaluation is 70%, 50% for discharge, and a report of the percentage of post-discharge data with an aspirational goal, but not form requirement of 20-50% of post discharge data.

Is your program/school contributing data to NATSAP’s Outcome Research?	<input type="checkbox"/> Yes <input type="checkbox"/> No
--	---

If your program is not contributing to NATSAP Outcome Research (YOQ/OQ), please describe your research protocol.

Evaluation Instruments:
How long have you been administering these instruments?
How are you using the evaluation findings (e.g. in house, papers, talks, website)?
Has your research protocol been approved by an Ethics Review Board? <input type="checkbox"/> Yes <input type="checkbox"/> No
If so, please identify here:
