OQ Average Scores For All Groups

OQ Total Counts Completed On Time by Relatives

Matched Pairs

- All data below is derived from the humans comprising the data above. Each human must complete their own instruments.
- Adults, Adolescents, and Relatives rows may only be counted *once* per human, in their 'best' bin.
- A0D0D365 raw means the person has completed their instrument at instances A0, D0, and D365 but *not* D180.
- A0D0D365 on time means the person has completed *every* instance A0, D0, and D365 before its designated expiration date (see table).

Matched Pair completion dates must be less than or equal to the number of days indicated below to be considered 'On Time'.
